A full-stack web developer with a strong focus on front-end frameworks and non-relational databases. With over 15 years of experience managing creative projects and a Master's in Fine Art from London, working in cultural organisations, arts education and arts administration. Able to bring a **unique mix of design and problem-solving skills to tech** and who has built knowledge in creating user-centered applications, responsive design, and efficient project management.

Web design Projects

MyFlix

- Personal project, Career Foundry Course, September 2024
- created a non-relational database (MongoDB) for data storage
- built an Angular framework using Material and tested the API endpoints with Postman, deployed with Heroku.

MeetApp

- Personal project, Career Foundry Course, July 2024
- developed a progressive web application to display events from a google calendar
- followed test-driven-development approach, translating user stories into unit and integration testing (Jest), acceptance testing (Cucumber) and end to end testing
- implemented serverless function (AWSLambda) and agile processes

Professional Experience

Project Manager, Lead Curator and Co-ordinator

- *Countdown Grabowsee, Heilstätte Grabowsee, Germany, 2012-2024*
- An alternative residency just outside Berlin, hosting an annual gathering with a full week of expressing your creativity through making art, inspiring workshops, readings, performances and social exchange.
- coordinated with all the artists and organising team, upheld regular communication through email and meetings.
- Organised the infrastructure of the project and hosted a series of events with diverse audiences

Arts Educator

- *Landesjugendring Berlin, August 2020 - October 2024*
- Arts educator and Consultant for Berlin council-funded cultural organisation. Planned, organised, and hosted art workshops and museum tours for hundreds of refugee and asylum-seeking young people in emergency housing.
- Workshop planning, hosting, regular collaboration with over 10 external cultural institutions and museums including Martin Gropius Bau, Berlin, Technisches Museum, Berlin
- Liaison with director of organisation, feedback sessions with participants to measure impact.

Professional Visual Artist

- *Internationally presented in Institutions, Galleries, Art Fairs in Europe, Hong Kong, Georgia, UK, 2008-2024*
- worked closely with teams in institutions and art professionals
- worked on high demand with a creative output
- articulated ideas and art works in public
